WS2200-1 115V/60Hz, 90 Watt, 50 lbs. (23 kg.)
 WS2200-2 230V/50Hz, 70 Watt, 50 lbs. (23 kg.)
 Dimensions: 24" Wide x 15" Deep x 12" High
 Interior Space: 23" Wide x 12" Deep x 9" High (approx.)
 Window: Tempered glass opening 23" x 6 1/2"
 Lighting: Dual 15 Watt cool white fluorescent lamps, F15T8/CW

ClearView • Compact ergonomic design

WS6000-1 115V/60Hz, 90 Watt, 39 lbs. (18 kg.)
 WS6000-2 230V/50Hz, 70 Watt, 39 lbs. (18 kg.)
 Dimensions: 16" Wide x 16" Deep x 14" High
 Interior Space: 15" Wide x 12" Deep x 11" High (approx.)
 Window: Tempered glass opening 15 1/2" x 10 1/4"
 Lighting: Dual 14 Watt cool white fluorescent lamps, F14T12/CW

BigBox • Accommodates large, oversized parts

WS2280-1 115V/60Hz, 90 Watt, 123 lbs. (56 kg.)
 WS2280-2 230V/50Hz, 70 Watt, 123 lbs. (56 kg.)
 Dimensions: 36" Wide x 24" Deep x 20" High
 Interior Space: 35" Wide x 22" Deep x 18" High (approx.)
 Door Opening: 32" Wide x 7 1/2" High
 Window: Tempered glass opening 23" x 7 1/2"
 Lighting: Dual 20 Watt cool white fluorescent lamps, F20T12/CW

ProCenter Plus™ • Workstation combined with dust collector

CTR200-1 115V/60Hz, 4 amp, 150 lbs. (68 kg.)
 CTR200-2 230V/50Hz, 4 amp, 150 lbs. (68 kg.)
 Dimensions: 30" Wide x 46" High x 34" Deep
 Interior Space: 2.2 cubic feet, 24" Wide x 10" High x 14" Deep (approx.)
 Window: Tempered glass opening (hinged) 23" x 11"
 Lighting: 40 Watt cool white fluorescent lamp, F40W/830

ESD Control Option • For static sensitive applications

Available on the ProCenter Plus, the ESD control option is designed for static sensitive applications such as conformal coating removal, PCB failure analysis, refurbishing set-top boards, and blasting delicate medical electronics. This unit includes grounding accessories and uses a flow of ionized air to dissipate static charges that can build up on the part during blasting.

Magnifier Option

Comco offers a magnifier that easily attaches to any workstation with Velcro. It boosts operator visibility to 2.5x magnification with a wide field of focus. It is also pictured above with the ClearView Workstation.
