

PHANTOM PROOFER

After relentless hours of research and much time testing the ultimate way to match color, we finally found what we believe is the ultimate precision color matching tool.

The Phantom Proofer, our newest model, is the ultimate proofer to increase pressroom efficiency! Manufactured with many of the same quality components and high standards as the Echocel Junior, this unit improves upon that design. Its quick change anilox roll mechanism and doctor blade allow for easier clean up, increasing efficiency. The ultra lightweight design features less replacement parts and built-in bearings.

The Phantom Hand Proofer is sold with 1 anilox roll of your choosing (see the table on next page.) If more rolls are needed please contact us.

BENEFITS:

- Ultra light in weight
- Platinum™ laser engraved anilox rolls
- Quick anilox roll change
- Increases efficiency
- Solvent resistant transfer roll
- Less replacement parts
- Built-in bearings
- quick doctor blade change
- Easier clean-up
- ISO 9000/2000
